masifunde's Changemaker Network NATIONAL

masifunde's Changemaker Network has expanded nationwide, sparking change through 1 000 young changemakers across 250 high schools. In close collaboration with 40 well-established Civil Society Organisations (CSOs), we work to inspire active citizenship in communities throughout the country. Our partner CSOs, each running their own impactful community development programmes, have undergone intensive training to ensure that the Changemaker Network, as well as masifunde's life skills programme, Learn4Life!, are implemented with the highest level of quality and impact in their respective regions.

Together, we are empowering the next generation of changemakers.

We thank former and current partners who made this possible:

Ranyaka develops and implements transformation strategies for towns and neighbourhoods across South Africa. Our approach is place-based, collaborative and geared towards restoring the eco-system within which socio-economic challenges affect community well-being. Working hand-in-hand with local residents, municipalities, businesses, stakeholders across multiple sectors, visionary investors and all levels of government, we pursue four overall objectives. These objectives provide the foundation for the over-arching strategy, as well as the programmes we develop and implement for every area.
